This book explains the creation of the European Union's Security and Defense Policy—to this day the most ambitious project of peacetime military integration. Whether hailed as a vital step in the integration of Europe or berated as a wasteful threat to US power, European citizens are increasingly interested in the common defense policy.

A smooth, efficient and effective movement of military personnel and assets across and beyond the EU will enhance the EU's preparedness and response to crises. It will enable EU Member States to act faster, in line with their defence needs and responsibilities, both in the context of the Common Security and Defence Policy missions and operations, and in the framework of national and multinational activities.

8 Exploring Europe's capability requirements for 2035 and beyond 1. EDA (2017a).
2. The Council conclusions on implementing the EU Global Strategy in the area of Security and Defence, dated 16 November 2016, define a set of capability

~~Exploring Europe's capability requirements for 2035 and beyond~~

The European Defence Agency (EDA) supports its 26 Member States in improving their defence capabilities through European cooperation. Acting as an enabler and facilitator for Ministries of Defence willing to engage in collaborative capability projects, the Agency has become the 'hub' for European defence cooperation with expertise and networks allowing it to cover the whole spectrum.

When increasing the EU's capabilities through the European Defence Agency and the European Defence Fund, Member States should aim at achieving a highly skilled workforce. Institutional embedding: closer cooperation in the area of defence should be coupled with a better institutional embedding, especially when the stage of a fully-fledged European Defence Union is reached. This should include a 'European Defence Semester' such as the Coordinated Annual Review on Defence proposed in the ...

'Brexit and Beyond provides a fascinating (and comprehensive) analysis on how and why the UK has found itself on the path to exiting the European Union....The volume also provides large amounts of expert-informed speculation on the future of both the EU and UK

~~Brexit and Beyond — UCL Discovery~~

It presents the EU's crisis management operations, its political-military bodies, and military capabilities. Defense policy is being denationalized. Scholars and citizens underestimate the degree to which, as a result of the expansion of military relations within the EU, defense policy is now shaped by constant interaction between state actors from different countries, both in and outside of Brussels.
