The essays collected in this volume apply an interdisciplinary approach to explore aspects of the relationship between animal and human in late antiquity. With a focus on ways that anthropzoological connections were defined in the emergent Christian religious discourse of the epoch, the authors contribute to our understanding of a thematic area largely neglected in previous research.

An interconnected account of the progress of the Pentecostal and charismatic movements in Europe has long been needed but has never before been attempted because of the diversity of languages spoken across the continent. This book provides historical, theological and sociological perspectives on European Pentecostalism.

When Mr Harrington Brande moves himself and his precious young son Nicholas to a grand house in the deserted Spanish town of San Jorge he is planning on a fresh start for the two of them. And only the two of them. For Mr Harrington Brande is a proud man and a jealous man. His beloved wife has recently fled his stifling love and now Brande has transferred all of his adoration onto Nicholas. He monitors his son's every move and is obsessed with ensuring that the bond between them is stronger than ever. But history begins to repeat itself when Nicholas befriends the gardener José. José is like no one Nicholas has ever met before and he instantly holds him in high regard. Brande does not take too kindly to having to vie for his son's attention with the Spanish gardener, and becomes increasingly suspicious of his rival. Encouraged by his butler, Garcia, Brande becomes convinced that José is not the person he pretends to be. Blinded by love and jealousy, how far will Brande go to secure his son's affections? In the magnificent narrative tradition of The Citadel, The Stars Look Down and Cronin's other classic novels, The Spanish Gardener is a great book by a much-loved author.

The development and adoption of a Romanized script had an enormous impact on Vietnam's intellectual development and has been attributed to the work of Alexandre de Rhodes. This study contends that Rhodes' achievement was due to the efforts of earlier Portuguese linguists upon whose work he built. The development and eventual official adoption of a Romanized script has had an enormous impact on Vietnam's cultural and intellectual development and has been a major contributor to its high literacy rate and its modernization. Among linguists, the development of the Roman
