This eleventh edition of Social Problems appears during an almost unprecedented time of uncertainty and danger in the world. Terrorism, military invasions, renewed regional arms races, economic downturn, shrinking public budgets, and rising fiscal deficits—all indicate an increase in social problems on many other fronts.

The text's pedagogical devices help readers to more clearly see how many individual issues and personal problems are rooted in the social arrangements of society. Four major themes guide this edition of the text: an empirical methodology; linking individual experience with social structure; recognizing that social inequality contributes to social problems; and a comparative approach.
